the teaching of a new medical astrology is an attempt to bring medicine and astrology closer together again while medicine has continued to develop and gain new insights into the organs classical medical astrology has hardly developed at all in the last 2000 years since the doctrine that aries begins with the head and pisces ends with the feet after 40

years of thorough research the new medical astrology is now based on 12 vital organ systems within the head and torso which correspond to the 12 signs of the zodiac unlike in hippocrates time more than 2000 years ago the arms and legs do not play a major role in the new classification as they do not represent vital organs this work is a new connection between the psychological astrology human anatomy psychosomatics and eye diagnosis this textbook forms the basis for learning astrology new medical astrology and at the same time forms a bridge to the psychosomatic explanations of illnesses in relation to the individual zodiac signs the intention was to write a textbook in an easily understandable way and to avoid confusing foreign or technical terms that too difficult to understand this makes it equally suitable for learning teaching or just exploring for both young and old explorers of astrology

everyone carries within them the longing to be happy and to make a difference in life this is how human beings are by nature for they are a part of this great creation and represent the pinnacle of what god has created but most people live isolated lives removed from the great divine system and are no longer aware of their power the author uses her life story to inspire readers to experience the power of their own hearts which can in the truest sense of the word move the world she also shows us how we can easily become a helper of good everywhere through the language of our hearts and the acceptance and transmission of divine powers she finds these experiences confirmed by the latest scientific findings in quantum physics which she explains in a clear and understandable way the author shows people and the world ways to new quantum leaps this book is an updated translation from the german 5th edition 2022
